

KINGDOM OF CAMBODIA  
Free English School Program

Dear Ladies & Gentlemen

Now, I would like to present some progress of the English school for disadvantaged children in Cambodia. Both pictures are about their English test and their trip to Angkor group after the test, which was sponsored by Mr. GREG OcKenden, Sydney, Australia.

By the new teaching book called NEW HEADWAY ([www.oup.com/elt](http://www.oup.com/elt)), the student's reading and speaking skill is very much improved. Actually in May 13 2006, we gave an exam. It was a survey of their grammar knowledge, their reading, speaking and writing. There are 80% of them pass the exam with a very good result. So, if we compare it to the previous exam, then we find another 15% get increased. But however, it is a shame that we can not keep all the students in the class. So far, there are some students decided to leave school for work in the farm and then get pay for their families to get food. How can we change? Accept their services while you travel through their village.
